Mr. W. H. Ryder left this morning for French Springs, where he will spend several weeks for the benefit of his health.

## BLOODY SCRAP

Boone and Fitch Beckett Had a Lively Mixup Last Evening

There was a bloody and disgraceful affair in East End shortly after 6 o'clock last evening, in which Boone and Fitch Beckett were participants, and in which a hatchet and a pair of knuckles played prominent parts and blood flowed freely.

Both of the belligerents were more or less hurt, Fitch Beckett being the worse of the two. He had three or four bad cuts in the head that required the attention of a physician.

There are various tales in regard to the drunken brawl and the tangled skein will be unraveled in the Police Court this afternoon.

Boone went to Jail in default and Fitch gave bond in the sum of \$100 for his appearance.

## NEEDING REPAIRS

Vest Third Street Condemned By Incoming Ruralites

At the last meeting of the City Council a petition, numerously signed by residents of East Third street, was read in regard to the bad condition of the street from Grave alley on down and across to the Lexington pike.

The Chairman of the Internal Improvement Committee refused the statement as to the condition of the roadbed. He informed Council that the streets were all right and well looked after and were in good shape.

The statement was made this morning by a business man in that part of the city to the effect that the thoroughfare is in bad shape, and especially that part leading from Third over to the Lexington pike.

He said the farmers were complaining loudly about the holes and ruts in the streets.

## WILL FINISH THEM

Government Getting Ready to Complete the Ice Piers Here

Government is getting ready to begin the ice piers at this point as soon as it will permit.

It has been engaged for several days in and arranging lumber and other material for the work.

Unfortunately that Congress did not in time make an appropriation sufficiently large to complete the job a year ago.

It has been the height originally planned would have been the means of saving thousands of dollars in property lost by the ice breakup last winter.

It is now begun it will be rushed completed as soon as possible in it before cold weather sets in.

It will employ to a large number of men and be the means of considerable money in our midst.

## BEN HUR.

The Pittsburgh Commercial Gazette.

"One of the most interesting entertainments given this winter occurred last night, January 23d, when the story of 'Ben Hur' was presented to a large audience. This celebrated story of a Prince of Israel, as written by General Lew Wallace, has been arranged for an evening's recitation, and is illustrated with more than 150 finely designed views which follow one after the other with no break, so that the picture story of Ben Hur is told with real fidelity, and so enhanced by the recitation that the whole life of the opening years of the Christian era is placed before the audience. The entertainment is as instructive as it is interesting, and is unique among entertainments of the present day."

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is finally closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

## WHY?

Why are the good cooks getting so scarce in Maysville?

Because so many of them have gone and are doing every day's work in Cincinnati, Dayton, Washington, C. O. and other Ohio towns.

Why do these good cooks leave Maysville to go to Cincinnati and other towns mentioned?

Because they get more money for less HARD work.

How is it that one woman can do all the cooking and house work, and even laundering, for all these other places and yet be said to do less HARD work than she would have to do just cooking alone in Maysville?

Because cooking with Gas removes all the burden of kitchen labor, saves half the time, and leaves the cook fresh and able to do the other lighter housework, and even the laundering where Gas is used for that purpose also.

BRING IT HOME TO YOURSELF!

What would you do, if you were the cook? Go away to the relief of them. It is a practical proposition. If you want to keep your cook put yourself in an equal footing with your neighbors across the river.

### Editorial Correspondence.

MARTINSVILLE, IND., July 11th, 1905.

In my first letter I spoke of the apparently abundant harvests in evidence on either hand in the railway ride through Ohio and Indiana; and a gentleman at my elbow confirms my estimate as to this locality, where the wheat is of fine grade with a yield of from 35 to 38 bushels to the acre.

Farms are so plentiful here and of such high quality that even newspaper men have them; for Editor SINGLETON of The Daily Reporter has invited me to drive out with him to his country seat, five miles away, and I'm momentarily expecting him to roll up in his automobile and take me aboard. So there are other lands than dear old Kentucky where hospitality awaits the stranger—if he only behaves himself.

I took a stroll to-day through a mile or two of the broad avenues of this old town, with its brick streets, concrete sidewalks, artistic homes, well kept lawns and generous shade-trees—a veritable park. And I think that even the Wise Men of Maysville could get a pointer about streets and sidewalks if they'd come to Martinsville. But I despair. It's not "pointers" they want, nor do they seem to want work that is done right—it would last too long, and they'd be out of a job too soon. For them the old way is the best. They do the same work over and over, year after year,

and the taxpayers foot the bills. How much longer the folly is to continue the Lord only knows.

There are a number of Kentuckians here, Paris, Paducah, Lexington and Louisville being represented; but if friends KENOE and DULEY will build that traction line from Maysville to Paris via Bluelick Springs, that once-famous resort may be revived. If it should be, I wouldn't swap it for anything short of Saratoga or the Boardwalk at Atlantic City.

But the band is beginning to play, and we eat fried chicken by note.

Thomas A. Duley

In five years from now, the greatest Kentucky curiosity will be the man who will acknowledge he was a Goebelite.

It was very considerate on the part of the Goebel fanatics to allow Judge COCHRAN to transfer CALER POWERS from Georgetown to Newport.

It will be interesting to hear the Reverend WASHINGTON GLADDEN's opinion of the ten million "tainted" dollars that JOHN D. ROCKEFELLER has just given for "higher education."

SOME of the Goebel lawyers have another guess coming. They said there was no Federal question in the Powers case. They now say the Supreme Court will overrule Judge COCHRAN. If it doesn't, they'll have still another guess coming. As a fact, however, they've been guessing all along.

THAT the Democrats of Ohio are after votes, and votes only, was well illustrated at the late State Convention. They nominated for Governor Mr. PATTISON, a strong temperance man, to catch the temperance vote; and then they nominated for Treasurer Mr. MASON, a brewer, for the purpose of catching the liquor vote. With them, principles may be all right, but votes are much better.

### JUDGE COCHRAN'S DECISION

Comment of the Eastern Press Generally Upholds Late Opinion

A special from Washington City says the action of Federal Judge A. M. J. Cochran in taking jurisdiction of the case of Caleb Powers has created much comment there. The officials of the Department of Justice are particularly interested and there Judge Cochran's decision has been dissected and debated over and over. The officials at the office of the Clerk of the Supreme Court also find the decision a subject of entertaining speculation.

The decision naturally attracts comment, because it is new and unique. As far as the officials of the office of Supreme Court Clerk can recall there has never been a similar case, at least none ever has reached the Supreme Court.

The comment of the Eastern press generally upholds Judge Cochran. The Washington Times fairly reflects the sentiment in the East when it says editorially:

"Anger at the delay of the Courts, and indignation at the escape of many criminals from punishment abundantly earned is arousing the United States to an extreme watchfulness of its criminal Courts. Caleb Powers, if guilty, must be made to suffer for his crime as inexorably as any other criminal. But if he is innocent, it is more important that he should be

set free and the state make such restitution to him for the torture of these past five years as lies in its power than that 100 other men, all guilty, should be brought to justice. No Nation is ever so powerful that it can disregard the right of its meanest citizen to justice."

The Belgian Parliament has passed a bill ordering seats to be placed at the disposal of shop girls when they are disengaged during business hours.

Five French submarines have succeeded in cruising for several hours in Tonkin Harbor, without once being detected by the torpedo boats ordered to watch for them.

A Montreal couple, Pierre Forget and his wife, have just celebrated the seventy-sixth anniversary of their marriage. Mr. Forget is 100 years and six months old, while his wife is 96 and both are in good health. One of their thirteen children will herself celebrate her golden wedding three years hence, though she is only 61 now.

"I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Druggists.

Messrs. Alonzo and Pelham Doyle visited relatives at Goddard Sunday.  
The Rev. Brothers Brookshire are holding a protracted meeting at this place.  
Miss Dorothy, the beautiful little daughter of Mr. and Mrs. P. F. Martin, is sick.  
M. F. Smith and daughter, Lottie, of Vanceburg, visited G. W. Thomas last week.  
Charles Lightner is spending the week with his sister, Mrs. C. D. Doyle, at Goddard.  
Mrs. John Carpenter and Miss Coyle visited relatives at Valley, Lewis county, last week.  
Carl Doyle and sister, Edna, visited the family of B. F. Plummer at Poplar Plains Saturday and Sunday.  
Robert Arthur, wife and daughter, little Miss Olive, visited relatives at Tollesboro Saturday and Sunday.  
Miss Maggie Carpenter will begin her school at the Pleasant Valley schoolhouse, near here, on Monday, July 10th.  
Mrs. Anna Polatt of this place was united in wedlock to Mr. Henry Million of Cynthiana a few weeks ago. They will soon leave for his home.  
A few from here intend going to Wallingford to the combined Sunday-school celebration of the Beechburg, Goddard and Wallingford Sunday-schools.  
Sunday is the annual Basket Meeting day at Bowman Springs. Come everyone and bring well filled baskets, and help make the day long to be remembered as the best meeting every yet held upon these beautiful grounds.  
Miss Maggie Carpenter has returned home from a visit to relatives at Muncie, Ind. She was accompanied home by her sister-in-law and little nephew, Mrs. Myrtle Martin Carpenter and Archie C., who will visit relatives here for a while.  
The Old Settlers Reunion at Ruggles Tuesday was not so largely attended as has been the few previous years, neither was the program so interesting. But we must speak in highest praises of those who did speak, for the speeches were eloquent, but we had reference to the program not being so long as was its wont. We think that since they have been changing at the gates that we might have the pleasure of having a brass band or a balloon ascension or something of great attraction to outsiders, instead of just the pleasure of seeing old acquaintances. By so doing we might cause more interest to be taken in celebrating our Independence birthdays.

**SPRINGDALE.**

Mr. Henry S. Fry left for Oklahoma Friday.  
Mr. Elsie Kelley of Lexington was here Sunday.  
Miss Bessie Murphy is visiting friends in Manchester.

Mr. and Mrs. James Soyter took in the Cincinnati Zoo Sunday.

Our School Board met Monday and contracted with Miss Della Goodwin to teach the school at Pleasant Hill, the term to begin the first Monday in September.  
Mr. and Mrs. Eli Craycraft came down from Manchester to spend a few days with friends. Their little boy became suddenly and alarmingly ill and Dr. Ford was called. The little sufferer is in a critical condition.  
Mr. C. C. Degman was quite ill the past week, being unable to attend the Old Settlers Reunion at Ruggles Campground the Fourth. Mr. Degman is Secretary of this Association and this is the first Reunion he has been unable to attend since its organization.  
As Mr. Perry Henderson of Poplar Flat was driving a wagon loaded with three hogheads of tobacco here for shipment Monday, the spindle of one of the wheels broke, letting it down. Much trouble was experienced transferring the load to another wagon.  
Mrs. John Otto certainly has the sympathy of her many friends in the sad troubles that are besetting her family. She received a dispatch announcing the accidental killing of her brother, Theodore Hotze, at his home in Iowa July 4th. No particulars as to cause of accident yet received.  
The Fourth of July celebration and Old Settlers Reunion at Ruggles was, as usual, a most enjoyable affair, with its patriotic orations, songs, recitations, &c. One regret, however, voiced on many lips, was the absence of two men whose names were on the bills, Editor Thomas A. Davis as speaker and Secretary Degman.  
Justice in Oregon is swift, judging by the case of J. H. McEane, who so cruelly murdered the Trot brothers while they were peacefully preparing their breakfast, mention of which was made in these items recently. In less than forty-five days from the tragedy McEane was tried, sentenced and put to work at hard labor for life in the Pen. Ten of the Jury were in for hanging him. Theodore and Charles Trot were nephews of Mrs. John Otto and had gone to Oregon from Pendleton county a few years ago.  
By means of the leprosin serum a temporary cure has been effected in a number of cases under the care of the mission of lepers in India, and the patients are kept in special observation wards.

The Rev. T. DeWitt Talmage says:—"A newspaper whose columns overlook with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where the people are, and the community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."
